

April 1, 2008

Dear Medicare Supplement Plan J Member,

Enclosed is a rider for your Plan J contract that revises a single paragraph of your existing contract language. This amendment does not change any benefits. Instead, it revises an enrollment process that applies only to a handful of new members when they apply for Plan J coverage.

The change requires anyone who applies for Plan J coverage more than six months after turning 65 or enrolling in Medicare Part B or anyone who transfers to Plan J from a less comprehensive plan to complete a health statement with their application for coverage.

Because this process change is technically a change to the contract, we are required to send riders to all current contract holders. **Since you are already a member, the change does not impact you.** There is nothing you need to do other than file the rider with your existing contract so that you have the most current version of the contract available.

If you have any questions about your coverage or about this process change, please call us at 1 (888) 344-5587.

You are a valued member of the Asuris community, and we look forward to working with you for years to come.

Sincerely,

A handwritten signature in black ink that reads "Penny Garrett". The signature is written in a cursive style with a large initial "P".
