## Have you returned your revised Dental Provider Agreement?

Revised Dental Provider Agreements were mailed to participating dental offices last September. The updated agreement standardizes and clarifies the agreement used by Asuris and its affiliates.

The revised agreement now covers full participation for all Asuris plans and affiliate companies.

Dental practices that bill Asuris using a corporation or partnership's Tax Identification Number (TIN) or Employer Identification Number (EIN) are required to sign only one Asuris Dental Group Provider Agreement instead of individual agreements for each provider in the office. The Dental Group Provider Agreement must be signed by an authorized partner or an authorized owner of the professional corporation.

Dental practices that bill Asuris for their services using their providers' Social Security numbers will continue to sign an Asuris Participating Dental Agreement.

**If you have not yet returned your replacement agreement, please sign and return to the address shown on the agreement to avoid interruption in your participation status.**

If you have questions about the revised agreements or have misplaced your copy, please call your dental relations representative (see the back of this issue of *Dental News*).

## National Provider Identifier (NPI) update

Continue to submit your electronic claims using only your Asuris provider number or your Asuris provider number and your National Provider Identifier (NPI). **Do not submit electronic claims with only an NPI at this time. We will update you when this option is available.** We need to have 100% of our electronic submitters' NPIs received and loaded into our claims system before we can accept only an NPI.

As of Aug. 24, 2007, we have received NPIs for 67% of our dentists and other dental professionals. If you haven't already done so, share your NPI with us as soon as possible so we may enter it into our systems. You can submit your NPI using one of the four submission methods below:

- **Online** submission is available on our *Provider Web Site* at [www.asuris.com/provider](http://www.asuris.com/provider). Go to the *Dental Professionals* section, then *Dental Library*, and then *Forms*. Complete the electronic *Provider Information/Provider Directory Update Form* and submit it electronically.
- **Print** the *Provider Information/Provider Directory Update Form*, located in the *Dental Library* section, under *Forms* on the *Dental Professionals* portion of our *Provider Web Site*. Fax the completed form to 1 (888) 289-1313.
- **Call** your dental service representative.
- **Mail** your NPI to:  
Asuris Northwest  
Provider Network Management  
P.O. Box 21267 M/S 916  
Seattle, WA 98111-3267

The latest NPI information, including a frequently asked questions document and an online workshop, is available on our *Provider Web Site* at [www.asuris.com/provider](http://www.asuris.com/provider). If you have any questions, please contact Alan Hong at (206) 332-3937.

## Meet our new products for small-employer groups

### A NEW CLAIMS SYSTEM

This fall, Asuris Northwest Health began processing claims on a new system. The new claims system will be implemented in phases. Initially, only claims for members enrolled on new small-employer group products will be processed on this system. While this robust claims system will allow us to improve efficiencies, it is much more than a technological upgrade. Strengthening our processes and systems will improve our ability to respond to your needs, as well as those of your patients.

### THREE NEW SMALL-GROUP PRODUCTS

We will use our new system to administer three new dental products as alternatives for smaller businesses with 2 to 99 employees. These three new products, Aspire<sup>SM</sup>, Enhance<sup>SM</sup> and Achieve<sup>SM</sup>, focus on personal freedom and cost accountability. We launched them on Nov. 1, 2007.

#### Aspire\*

- Annual maximum may be \$500 or \$750.
- Deductible may apply for all benefits.
- Reimbursement levels are 80% for preventive, 50% for restorative and 0% for major services.

#### Enhance\*

- Annual maximum may be \$1,000, \$1,500 or \$2,000.
- Reimbursement levels are 100% for preventive (deductible is waived), 80% for restorative and 50% for major services.
- An orthodontia option is available with this plan. It has a lifetime maximum of \$1,000 or \$1,500, is limited to age 23 and under and has a 50% benefit after a 12-month waiting period.

*\* Aspire and Enhance are network products, and reimbursement is established based on the provider's network participation. Achieve is not a network product, and there is no hold-harmless for this plan.*

#### Achieve

- Annual maximum may be \$1,000 or \$1,500.
- Deductible may apply for all benefits.
- Reimbursement levels are 100% for preventive, 80% for restorative and 50% for major services.
- An orthodontia option is available with this plan. It has a lifetime maximum of \$1,000 or \$1,500, is limited to age 23 and under and has a 50% benefit after a 12-month waiting period.

### NEW MEMBER CARDS FOR ASPIRE, ENHANCE AND ACHIEVE MEMBERS

Aspire, Enhance and Achieve are options only to those employer groups that have decided on one of our two new medical products, Vantage<sup>SM</sup> and Embark<sup>SM</sup>, or to those groups seeking only dental coverage. You can identify Aspire, Enhance and Achieve members by their member card, which are different from our other Asuris member cards:

- They are in color.
- They feature one of seven background designs: four cityscapes (Boise, Idaho; Portland, Ore.; Salt Lake City, Utah; or Seattle, Wash.), two graphic designs (diamonds or circles), or a snowboarder image.
- They list one member name per card or the entire family on each card.
- The subscriber suffix is '00.'

We will continue to communicate information about these products to you in *Dental News* and on our *Provider Web Site*. If you have any questions, contact Asuris Provider Customer Service for these products at 1 (888) 349-6558 or your dental services representative.

## Billing for dental accident

If a patient has a dental policy with Asuris, please use dental codes when submitting a claim for a dental accident. If a patient has only a medical policy with Asuris, then use medical procedure and diagnosis codes. The following are medical diagnosis and procedure codes that you can use to bill for a dental accident. When submitting a claim, please choose a diagnosis code and the corresponding procedure code.

### Office visits, new patient (face to face)

- 99201 – Problem-focused (10 min)
- 99202 – Expanded problem-focused (20 min)
- 99203 – Detailed examination, moderate-to-severe problems (30 min)

### Office visits, established patient (face to face)

- 99211 – Problem-focused, minimal (5 min)
- 99212 – Problem-focused, minor (10 min)
- 99213 – Expanded problem-focused, low complexity (15 min)

41899 – Unlisted procedure, dentoalveolar structure

### Linked Diagnosis Codes

- 521.00 – Dental Caries
- 524.90 – Unspecified dentofacial anomalies
- 525.10 – Unspecified acquired absence of teeth
- 526.89 – Other specified disease of the jaws

### Radiology Codes

- 70100 – Radiologic examination, mandible; partial, less than four views
- 70300 – Radiologic examination, teeth; single view

## Asuris TruAdvantage™ service area is expanded

Asuris is pleased to announce that the service area for Asuris TruAdvantage expanded to the following counties in October: Benton, Ferry, Franklin, Kittitas, Stevens and Whitman. The product will be effective in the new areas on Jan. 1, 2008.

Asuris TruAdvantage is our Medicare Advantage preferred provider organization plan. It includes a preventive dental benefit of \$500 per year. Members can go to any dentist and are covered up to \$500 annually for preventive dental services such as cleanings, X-rays and exams. Dentists will be reimbursed at billed charges up to the benefit maximum. This preventive benefit is an excellent way for your senior patients to maintain their oral health.

The Asuris TruAdvantage information on our *Provider Web Site*, [www.asuris.com/provider](http://www.asuris.com/provider), will be updated in January to reflect these changes.

## Developing a healthier community at **myAsuris.com**

When it comes to exercising, eating healthier, parenting and navigating the health care system, we, as a community, can use all the help we can get. Now Asuris members can find even more ways to connect with other members of our community through our member online environment at **myAsuris.com**.

Using the message boards in the new My Community section, members can reach out and speak with other members online about many compelling health-related topics. Members may also chat with experts on subjects that include healthy cooking, weight training, health benefits and motivational goal-setting.

All message board posts are screened by My Community moderators. Moderators are not only active members of My Community—keeping conversations lively and on topic—they also point members to other areas of the site, provide a professional opinion and answer customer service questions.

In addition to growing the community, **myAsuris.com** continues to evolve into a more robust health information resource for members with even more articles, videos and podcasts on a variety of health-related topics. Members can stay connected with **myAsuris.com** Message Center and newsletter.

### MESSAGE CENTER

Asuris recently launched a Message Center section on **myAsuris.com**, allowing members secure email access to our Customer Service and Health Care Services departments. Message Center allows members to communicate directly with Asuris to get answers to questions about coverage, receive advice about their health and find resources to better understand and navigate the health care system. All questions and correspondence through the Message Center are addressed within two business days.

### NEWSLETTER

Members registered on **myAsuris.com** can now receive an online newsletter. This semimonthly HTML newsletter has up-to-date information about health-related topics, as well as information on any new programs or tools available on **myAsuris.com**.

A demonstration of **myAsuris.com** is available on our *Provider Web Site* at **www.asuris.com/provider**.

## Introducing A.D.A.M. QuickSheets

Asuris is pleased to introduce a new online tool available on Asuris Online Services for Providers. This new tool, A.D.A.M. QuickSheets, is designed to improve communication between dental professionals or health care providers and their patients. A.D.A.M. Quicksheets are illustrated patient education handouts available in English and Spanish. The handouts may be printed and handed to patients during a visit, mailed with lab results or emailed.

Articles used in the handouts are excerpts from A.D.A.M.'s award-winning *Health Illustrated Encyclopedia*, which covers diseases, conditions, surgeries, tests and wellness. Handouts may be searched by keyword or added to a list of favorites. Dental professionals and other health care providers may also add their own patient-specific notes to each handout, tailoring the information to each patient. The provider's name and contact information, once entered into the system, is automatically included on every handout.

More information on Asuris Online Services for Providers is available on our *Provider Web Site* at [www.asuris.com/provider](http://www.asuris.com/provider).
